ABOUT US

We have Grown in Leaps and bounds over Last couple of Years with humble Beginning in 2015, Today we are a young company of Engineers, Visionaries, Thinkers, Artists, Fabricators, Designers, Tinkers and Dreamers who are trying to Bring Aspiring Innovation to the People of India and the World.

From humble beginning a decade ago We have diversified into multiple sectors that include Food Processing, Facility Management. Educative Recreation, Fashion, Infrastructure Built, Agriculture, etc.

With support of our loyal customer, partners and Guided by our core principles our group of companies will continue to grow into the next century.

SHEIKHAN GROUP

TRANSFORMING INDIA THROUGH INNOVATION

GUIDING PRINCIPLES

KARMIC JUSTICE

We are a staunch believer in karmic justice, towards this we strive very hard to ensure our products and services are of best Quality and Fairly priced. We employ fair practice with all of our Employees, Partners and Associates.

“What you Sow is What you Reap”

- Ancient Wisdom

TEAM EFFORT

Everybody in our company has unique skill set or qualities. We work as a team to make great products and services for our clients . It is this team spirit that drives us and innovation.

“Where there is unity there is always victory”

- Publilius Syrus

RELIABILITY

It is our firm belief and motto that “Reliability has no alternative” . As a Company we have held ourselves, our products and services to a more stringent sets of standards, ensuring Customer Satisfaction.

In an integrated global market, how can business be managed competitively and sustainably? How can energy costs be optimized to maximize profits, and at the same time minimize the impact of business operations on the environment?

Young Generation are the future, places to develop their instincts, courage and creativity are the need. We partner up with potential startups that we believe can help in reigniting progress and have positive impact on lives of huge number of people. We facilitate such startups to reach their full potential and thereby reducing the chances of them failing.

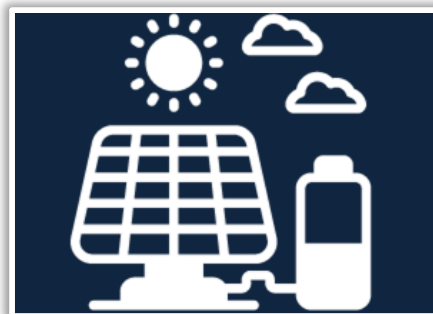

We Provide Economical Bouquet of Products and services that reduces Cost of erection of New facilities and Also reduces the cost of Operation of existing and New Facilities. They provide the competitive edge to your enterprise to make its mark with superior offerings and community goodwill. Ensuring services they provide remain affordable to the masses

Everywhere, enterprises face this challenge of delivering high quality products and services while ensuring margins and, as a corporate citizen, contributing to the efforts of protecting the air we breathe and the water we drink.

Our energy efficient and eco-friendly technologies offer reliable business-to-business partnerships to respond to this critical challenge. Our solution perspective not only cover design and Construction but also take Operation and Maintenance into consideration as well. For Better integration of Technologies as well smooth Operations

WE HAVE GROWN IN LEAPS AND BOUNDS OVER LAST SEVEN YEARS WITH HUMBLE BEGINNING IN 2015, TODAY WE ARE A YOUNG COMPANY OF ENTHUSIASTIC ENGINEERS, ENTREPRENEURS, FABRICATORS DESIGNERS, ARTISTS AND DREAMERS WHO ARE TRYING TO BRING WORLD CLASS INNOVATION TO THE PEOPLE OF INDIA.

IT IS OUR MISSION TO CREATE SUCH GREAT FEET OF ENGINEERING THAT WOULD INSPIRE MANY GENERATION TO COME,

TO EXCEL BEYOND BELIEF... SUCCEED BEYOND EXPECTATION...

HOW WE DO IT

ORDER PLACEMENT

- Expectation Listing
- Term Documentation
- Advance Receiving

PROCESS LIASONING

- Documentation Preparation
- Necessary Clearances
- Licenses for Work
- Certification Benchmarking
- Appointing Project Concierge

PROJECT FINANCING

- Documentation Preparation
- Finance Planning
- Payout Planning
- Payback Planning

- GUIDING POLICIES:**
- EHS Policy
 - Quality Policy
 - Supervision Policy
 - Contingency Planning

ANALYSIS & CONSULTATION

- Risk Analysis
- Environment Impact Analysis
- Occupancy Analysis

GREEN BUILDING SOLUTIONS

- Parameter Benchmarking
- Façade Engineering
- Envelope Engineering

INTERIOR DESIGN SERVICE

- Occupancy Planning
- System Integration Planning
- Furniture Planning

SIMULATION SERVICES

- Environment Threat Analysis
- Structural Stability analysis
- Occupancy Simulation
- Safety & Security Simulation
- Energy Saving Simulation
- IEQ Simulation

ARCHITECTURAL DESIGN & PLANNING

- | | |
|---------------------------|---------------------------------------------------------------------------------------------------------|
| TEAM RECRUITMENT | - Architect Appointment
- Project Manager Appointment
- Project Engineers Appointment |
| DESIGN PREPARATION | - Design Conceptualization
- Design Discussion with customer
- Planning and Drawing Preparation |
| DESIGN INCLUSION | - Analysis Data Parameters
- Green Building Standard Inclusion
- Engineering Alteration Inclusion |

ARCHITECTURAL ENGINEERING

- | | |
|--------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|

- Environment Analysis & Planning
- Civil & Structure Drawing Preparation |
| PROJECT MEP ENGINEERING | - Occupancy & Comfort Analysis
- MEP Engineering & Designing
- Automation & BMS Planning
- Building Information modeling |
| SAFETY & SECURITY | - Threat Analysis
- Fire Fighting Design & Planning
- Occupant Safety Planning
- Building Safety Designing |

TO CONSTRUCTION

PROJECT PRE CONSTRUCTION PLANNING

- CONSTRUCTION PLAN ANALYSIS**
 - Plan Detailing & Analysis
 - Construction Process Selection
 - Value Engineering Planning
 - Inclusion Strategy Planning
- PROCUREMENT & SPECS PLANNING**
 - Specification Analysis
 - Procurement Planning
 - Bidding Process
 - Vendor Selection
- SCHEDULE PLANNING**
 - Schedule Planning
 - Logistic Planning
 - Storage Planning
 - Record Keeping
- RISK ANALYSIS & MANGEMENT**
 - Risk Analysis
 - Safety Planning
 - Hazard Management
 - Employee Training
- BUDGET ESTIMATION**
 - Financial Services
 - Budget Estimate
 - Budget Planning
 - Recycle Strategy
- QC ASSURANCE & PLANNING**
 - Quality Parameter Plan
 - QC Document Plan
 - QC Testing & Analysis
 - QC Contingency Planning

PROJECT CONSTRUCTION MANAGEMENT

- SCOPE MANAGEMENT**
 - Scope Analysis
 - Site Survey
 - Work Breakdown Structuring
 - Scope Controlling
- RESOURCE MANAGEMENT**
 - Requirement Planning
 - Resource Management
 - Money Management
 - Upcycle Plan
- SCHEDULE MANAGEMENT**
 - Schedule Planning
 - Documentation Process
 - Spillover Planning

PROJECT TURNKEY CONSTRUCTION

- TURNKEY CONSTRUCTION**
 - Site Preparation
 - Civil & PEB Construction
 - MEP System Installation
 - Interior & Finish Works
- TESTING & COMMISIONING**
 - Project Finishing Analysis
 - Project Testing
 - Project Commissioning
 - Documentation
- POST CONSTRUCTION**
 - Operations Training
 - Safety Training
 - Warranties' Certification
 - Maintenance Training

COMMERCIAL CLOSURE

**SHEIKH MOHAMMED
MOINUDDIN HASAN**

CO-FOUNDER & CEO
"Progress can only move forward, their can be no peace, no tranquility with out progress. For long sustainable growth, it is imperative that progress should be aligned with nature and not against it. We are intent on developing solutions which are in line with nature."

**ASHUTOSH
BARONIA**

CHIEF OPERATIONS OFFICER
"In our modern times & staying in tune with current times it is our mission to support & promote sustainability in all aspects of Human society and making a better future"

EARTH & LAND

Earth is a gift given to us, It has sustained Us, Protected Us, Cared For Us, and now mantle of responsibility fall on us. We must cherish it, nurture it and protect it.

Land is one of the oldest parameter of a person's success, it represent a key element for any and all business owners, big and small. Land ownership promotes power, stability, Growth and Prosperity. Nations are built on the promise and premise of Land.

We at Elementalz Inc. believe in Earth and Land. We develop Products, Solutions and Services which ensure Protection of Our Beloved Earth, All the meanwhile enable the smallest of businesses to be Efficient, Economical, Progressive. and Promote Ownership of True Success.

DEEP ANCIENT ROOTS

We all are a culmination of all those who have been before us. Its there legacy that we have to continue forward that legacy, maintaining, improving, Contributing and sustaining it forward. Legacy connect us all in past, present and future.

Legacy play an important part in our minds and daily lives, they determine outcome of decisions we make, role we play in the society and the contribution we make as a whole.

We as a company bank on lot of Legacies set by great Men and Women. We want to honor these legacies with great feats of engineering, that solve current problems and inspire the coming generation on improving the continuing Legacies.

SOLAR PUNK FUTURE

We believe in a better future for Humans, We believe humans will come around, stop the mindless destruction of our planet and society. Ushering a new era of Growth, Prosperity and Harmony with nature. People welfare and business growth will be intertwined

Its a future where all business get equal opportunity, are equally efficient and compete on merit, value of products/ services and for the Betterment of Mankind.

GROWING FOREST

Where there is a Sapling growing eventually a forest will follow, all it takes to remove an unfavorable environment is one bold step embolden by multitude of bold step following.

Like trees in a forest, people will grow better when they are together. Forest grow together, develop and ecosystem thrives which in turn make environment to be more favorable for the Forest. and Forest grows even further.

We believe that it is important for all of our partner in various endeavors to grow both personally and professionally. Our Clients, Our vendors and partners are tree in the forest like us. When Our clients grow we Grow too. So its our mission of ours to ensure Growth all around of everyone involved with us.

OPERATIONS

Over the years we have designed, Redesigned & developed various solutions.

All of our solutions can be customized and tailor made to meet the Requirement of startup.

Various operational parameters may shift as per the requirement but outcome parameters follow and meet the goal set out as Gold Standard by Elementalz Inc.

Our solutions are guided by Golden Standard which at core has only two principles:

1. Beneficial to the Environment.
2. Beneficial for the Owner.

At Elementalz Inc. we strive to make solutions that are Reliable, Economical, Resolute, Energy efficient, Excellent Quality and Environment Friendly.

By Thorough deep Analytics we try to improve various process of the startup to ensure reduction in Production cost & time, all the while ensuring Quality improvement of the finished products or goods.

Reigniting progress in India by partnering and Guiding startups to great success and better future.

CONCEPT STAGE

INFRASTRUCTURE ANALYSIS

INFRASTRUCTURE CONCEPT PREPARATION

TEMPORARY DESIGN SKETCH

PROJECT IMPACT ANALYSIS

ECONOMIC PLANNING

SIMULATION SERVICES

- Once we partner up with startup we work closely with them to improve their plans & strategy.
- We make Temporary design & run a lot of building simulation for viability, stability, Efficiency and Functionality.
- Once working model is selected we help prepare 3D and Digital models that will be added to concept plan being shown to potential investors.
- During the Simulation we also analyze the impact of the said project on nearby environment and positive impact for local people.
- With our experience and expertise we can make an almost accurate estimate for project construction and predict operational cost with greater accuracy.
- As per requirement of the Startup we can design and develop infrastructure that suits their concept in the best way.
- With Our Onboard Experts we can also help in designing and streamlining the process of the startup's project.

PROTOTYPE STAGE

LOCATION SELECTION

OWNERSHIP TYPE SELECTION

CONSTRUCTION PROCESS SELECTION

ENVIRONMENT IMPACT ANALYSIS

CONCEPT FINALISING

OPERATION PLANNING

- Once Building model and concept is developed and finalized, we prepare real life scale models for the startups.
- With our onboard team of experts we help startups in choosing best location for setting up their prototype unit.
- Using our Expertise we select the best possible mean of construction and also benchmark parameters for prototype.
- We also guide the startup in selecting appropriate type of ownership model for their them depending on their business model, plan and strategy.
- After Prototype unit is made, we analyze environment impact and market response on the said project. And develop ways to improve performance parameters.
- After in-depth analysis of data collected we help startup in preparing a detailed proof of concept that will be presented to various investors.
- After analysis of data we can also help startups in their operations' planning and ay even develop eco-friendly operations.

LAUNCH STAGE

INFRASTRUCTURE
DESIGNING

INFRASTRUCTURE
PREPARATION

BUILDING
INFORMATION
MODELLING

LOGISTIC
PLANNING

SUSTAINABILITY
PLANNING

TESTING AND
COMMISSIONING

- With help of investors we help startups to launch their concept into reality for target clients.
- Depending on the ownership model chosen by the startup we design various aspects of infrastructure that ensure max. reliability, stability and sustainability (both economic and Environmental).
- Once design is finalized we do Building information modeling to ensure best optimal performance and high quality construction.
- Step by Step supervision of construction of the project.

HOW WE SELECT POTENTIAL STARTUPS:

1) STARTUP HAS TO BE FROM ONE OF THE SELECTED SECTORS

We have done in-depth analysis of various business sectors and their prospects, and after great deliberation come to the conclusion to add them to potential startup sector list which can greatly benefit from our association and Services. It is our belief Startups in these business sectors have the greatest opportunity and potential to have maximum positive impact on most people's lives.

2) POPULATION PERCENTAGE OF POSITIVE IMPACT

Startups with mission & working strategy to have positive impact on maximum percentage of population lines up perfectly with vision and mission of our Company and parent group. We intend on providing support and guidance to such startups to reach their full potential.

3) SIGNIFICANTLY SAVES EITHER TIME OR ENERGY OR BOTH

Solutions or products developed by the startup should significantly reduce energy needed to complete a function or significantly reduce the time needed to complete a function / process or completely eliminate steps in operation without altering parameter of outcome.

4) TEAM DEDICATION AND STRUCTURE

Team dedicated to the vision and mission of the startup is very important also equally important is the attitude of the founders towards their team . We have also found team with personnel with multiple talents /skills to be more efficient initially and later be the team in management as the startup expands.

INNOVATION
DRIVEN

PEOPLE
ORIENTED

ECONOMICALLY
VIABLE

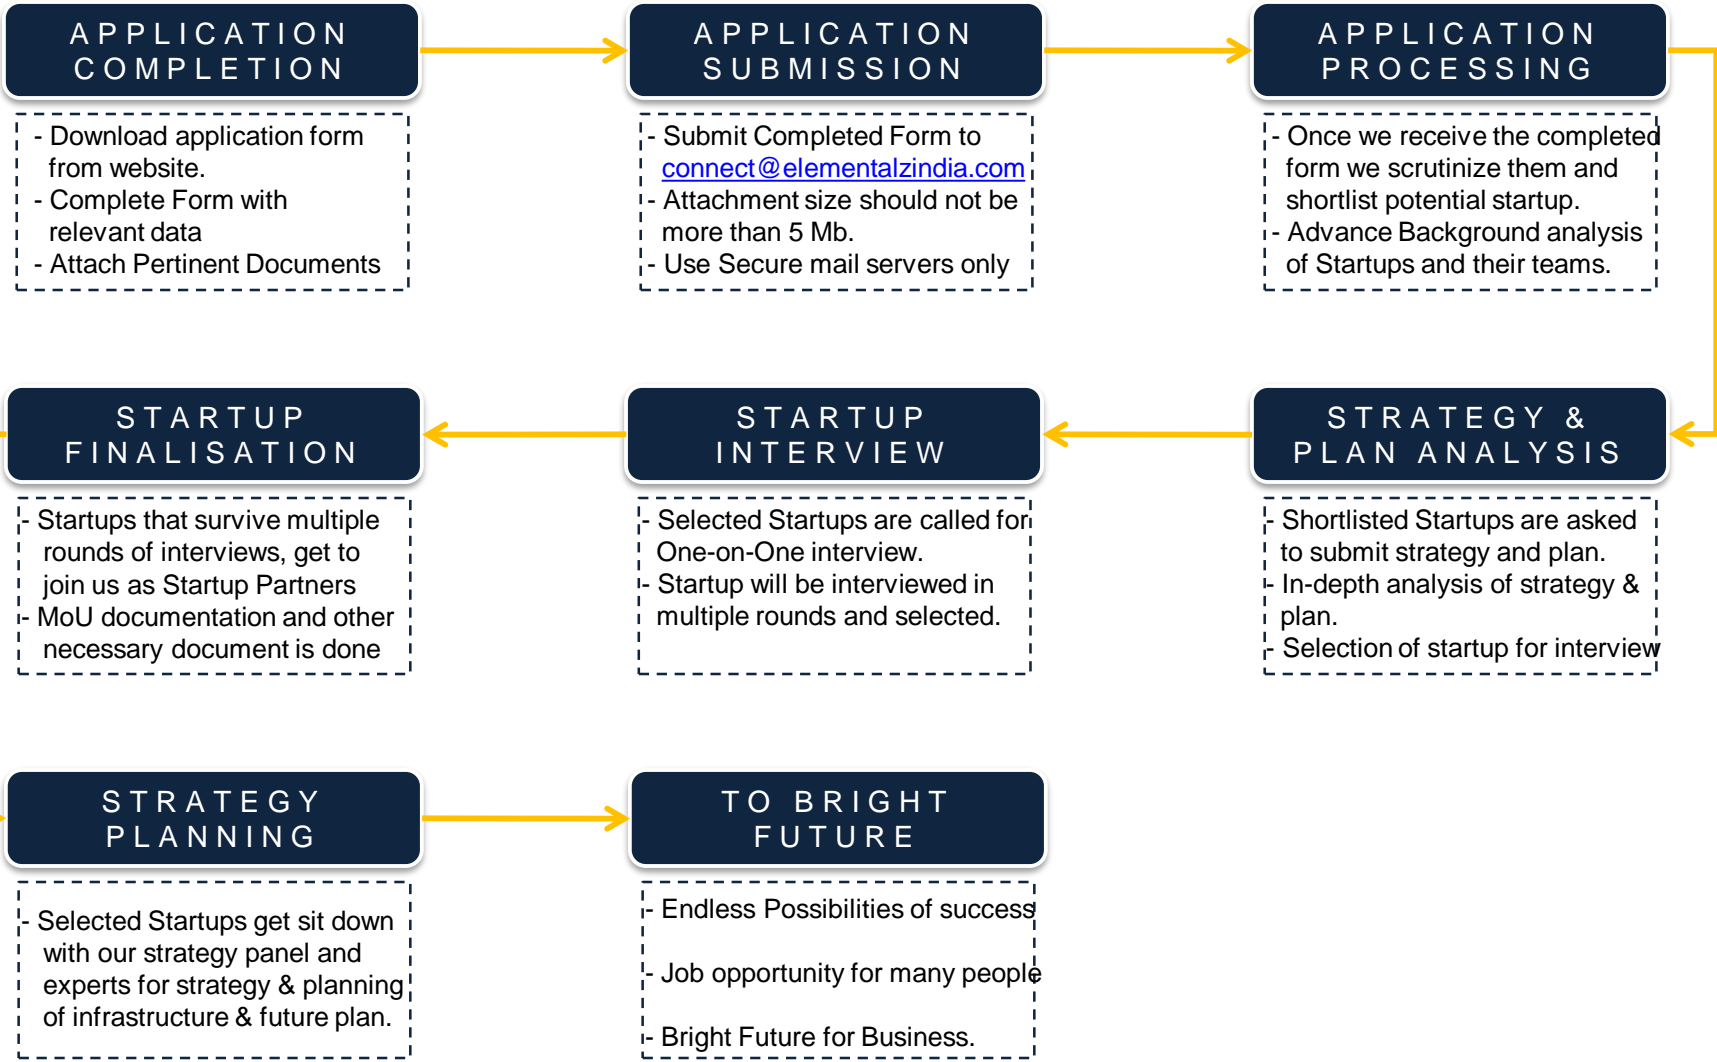

ECOLOGICALLY
RESPONSIBLE

IMPORTANT POINTS

- DIPP registration is not a must for applying for our association. But properly registered firm and other documents is a must.
- We will help startups with setting up their infrastructure either by developing new infrastructure or by connecting the startup with existing infrastructure.
- Financing of the Infrastructure is done by our associate who will connect / associate with startup on their own independent terms.
- Elementalz Inc. will only help in connecting with financing partners but will not provide guarantee to such partners on behalf of the startups, but we will provide help to startups in secure funding for there infrastructure projects.
- Any startup willing to connect or associate with us should not have any involvement with illegal activity.

STEP 1

Download form from link given below and fill it up. Submit completed form to connect@elementalzindia.com

STEP 2

If you are shortlisted then you will be notified on your given email. Then a zoom or physical meet will be setup with one or more Directors for interview.

STEP 3

Once you have been selected after interview, you have to submit necessary document to us. After which background check will be done.

STEP 4

After clearing background checks, Agreement will be signed between you and company. After which you will be officially appointed as Startup partner.
